# Project proposal application form

***Note: Please take into account that a multidisciplinary team will have to read and understand your proposal. Therefore we advise you to ensure that your proposal is tailored for an audience consisting of health professionals of the various fields within the range of the cluster health studies: dental hygiene, nutrition and dietetics, occupational therapy, physiotherapy and speech and language therapy.***

Describe the proposed applied (research) project below. The project proposal should refer to a topic or question that stems from professional practice and/or education within the various fields of health care studies. The research question is relevant for the context of the (partner) institutions.

**(Working) Titel project:**

**Name contact person:**

**Name of institution:**
